

Dry Drayton Village Hall Wi-Fi Acceptable Use Policy

The object of this policy is to provide guidelines for acceptable use of the Dry Drayton Village Hall Wi-Fi and Internet facility, which is provided free of charge as a convenience to users of the Hall.

Using the Dry Drayton Village Hall Wi-Fi indicates acceptance of the following Terms and such other requirements of use as may be notified to you by the Village Hall Management Committee.

Technology: Technical support is not provided and there can be no guarantee that you will be connected to the Internet.

Liability: Your usage of the Dry Drayton Village Hall Wi-Fi is at your own risk. You should be aware of the possible security risks associated with connecting your computer to a network. It is your responsibility to keep your computer secure against unauthorised access and free from malicious code and viruses.

Individuals using the service have full responsibility for anything they may download.

Purposes: Your usage of the Dry Drayton Village Hall Wi-Fi facility and network is regulated by relevant UK law. In particular you must not use the Dry Drayton Village Hall Wi-Fi facility or network to:

- Access, send or otherwise make available to others any material that is offensive, obscene or indecent, or infringes the copyright of another person.
- Upload computer viruses, carry out hacking, upload/download defamatory, offense or illegal material.
- Create or transmit any material designed or likely to cause annoyance, inconvenience or needless anxiety.
- Make available by any means any material, unless you are the copyright holder of that material, or have the licence to make that material available, or the material has been expressly put into the public domain and you can demonstrate this.
- Access network services in such a way as to deny reasonable access to the network for other users by, for example, excessive use of network bandwidth for music or video streaming or very large downloads.

Privacy: We will not collect any personally identifiable information when providing these facilities. Our router may collect technical information from your device necessary to provide access to the Internet, which may be logged to detect crime or where necessary to block access from a specific device.

All users are requested to turn off Wi-Fi devices during performances or similar events.
